- First experience in social network analysis
- Great communication skills
- Fluent in English and preferably German

WE OFFER

- An exciting opportunity within a stable and growing company
- Development and career opportunities within the company
- A competent and motivated team

WE ARE

MSD is a global healthcare leader with a diversified portfolio of prescription medicines, vaccines and animal health products. The difference between potential and achievement lies in the spark that fuels innovation and inventiveness; this is the space where MSD has codified its 125-year legacy. MSD's success is backed by ethical integrity, forward momentum, and an inspiring mission to achieve new milestones in global healthcare.

The healthcare sector is undergoing a digital shift challenging the status quo. Data & analytics are becoming a key enabler of business decisions. MSD is expanding its analytics capabilities to address this transformation. You will be part of the growing and open-minded Data Science team with fresh experience from other industries.

Interested in becoming part of a dynamic, developing team and contributing your know-how to an innovative environment that allows you to show initiative and that offers long-term perspectives? Please send your application to:
