Our sustainability impact

For more than 130 years, we've been dedicated to operating responsibly and creating value for society. That commitment is one of our ongoing strengths and core to our business, which is why operating responsibly is part of the foundation of our Strategic Framework, denoting our commitment to enable a safe, sustainable and healthy future for people and communities.

Our efforts in Germany are fully aligned with our sustainability strategy

As an example of an industry-leading best practice, we became the first healthcare company to switch to dispatching our medications and vaccines for Veterinary and Human use utilizing multi-use containers as early as 2021. Together with our logistics partners, we created a recycling system for cleaning and fetching back the boxes. In May 2023, we delivered the one-millionth multi-use box. This led to water savings of 1.1 million liters. With every multi-use box, we reduce emissions by 70% which corresponds to savings of 38 grams of CO₂ per box.

Our impact areas of focus

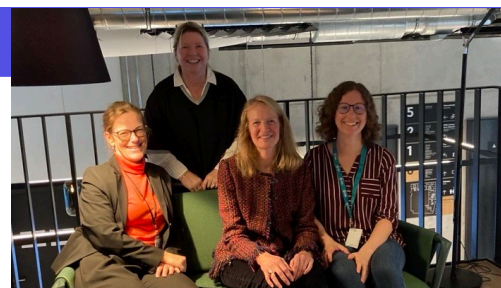

Local initiatives

Access to Health

217,600 migrants reached

We support the project **“With migrants, for migrants” (MiMi)** of the Ethno-Medizinisches Zentrum e.V. (EMZ) in Hanover. Across Germany, migrants are trained to be “MiMi health mediators” in 64 sites. Mediators reach communities in their native language to discuss healthy ways of living, promote preventive care and offer local health services. In 2023, over 18,100 informative events were conducted with women representing 75% of attendees. “MiMi-Onco” focused on cancer diagnosis, prevention and care. This is an industry-leading best practice to help improve wellbeing of migrants in need and is being modeled in 7 European countries.

Employees

4 working groups

“Employee Business Resource Groups” (EBRGs) connect employees across the company to promote new perspectives and inclusion reflecting communities we serve. In Germany the active EBRG’s are:

- **Women's Network** promotes professional development and supports women in the workplace.
- **The Rainbow Alliance** supports the LGBT*IQ+ community and strengthens awareness of the diversity of queer lifestyles, both within and outside the company.
- **Next Gen Network (NGN)** promotes cross-generational collaboration for the sustainability of our business.
- **CapABILITY Network** strives to make our company a preferred employer for talented people with disabilities.

Environmental sustainability

23% reduction of domestic flights

Through the **“TRAIN rather than PLANE”**, challenge employees in Germany joined efforts to reduce domestic flights by 23% in 2023 compared to 2022.

We are guided by the “Greenhouse Gas Protocol” to ascertain our CO₂ footprint to reduce our emissions across SCOPE 1, 2 & 3.

Employee giving

13,000 hours since 2009

With “MSD Gives Back”, we offer our employees in Germany an opportunity to use up to 40 paid hours of work time annually for social projects in their neighborhood. This allows us to create space for social responsibility directly on site and supports our commitment to improving lives of people in need.

Our collaboration with partners and stakeholders

Our collaboration with partners support our wider global priorities and our purpose of using the power of leading-edge science to save and improve lives around the world.

MSD Open

The line between Climate and Health was a featured topic at the MSD Open 2023 conducted in our Berlin hub. With representatives from the civil society, the scientific community, the government and non government sector, associations and the business community, we discussed important topics, such as: What is the connection between climate change and health? What does that mean to our health system, and what contributions can all sectors make?

PRIDE Parade in Munich

We fly the flag for a diversified, colorful life. Since 2018, we have been the proud partner of the Christopher Street Day (CSD)- an initiative supported by our EBRG “Rainbow Alliance” and the HIV and HPV Business Units. In 2023 and 2024, we were on the road on trucks under the motto #PharmaForPride in Munich and Cologne, with over 50 employees, customers and partner organizations.
